## Interesting Picnic Held At Johnson's Park.

The members of the M. E. Sunday School, with their friends enjoyed a day's outing at Johnson's Park on Roaring river last Friday.

The children assembled at the church at 8 o'clock and were transported to the park in automobiles generously offered by the citizens of our town. Early in the day the Park was filled with children, and their fathers and mothers, with a large crowd of young ladies and gentlemen. Swings were erected, lemonade made and pop corn served to the children.

When the noon hour came the many baskets and boxes were opened and when their contents were laid out, it was evident that those who had the preparation of the food in charge, had done their best in producing an appetizing lunch. Between 250 and 300 people were present, and after all had partaken of the lunch to their satisfaction, plenty was left.

The afternoon was spent by the children and large number of grown-ups in enjoyable games of various kinds, and auto rides, while the parents enjoyed social conversations under the cool shade of the trees. By five o'clock the crowd began to disperse with a feeling that the day had been well spent.

We desire to thank Mr. and Mrs. Johnson for the very valuable assistance rendered, and the hospitality extended, which contributed so much to the day's enjoyment.

We feel grateful for the assistance rendered by the people of the community and all others who assisted in any way to the success of the occasion. Especially do we wish to thank the owners of the autos who so generously contributed for the use of the children.

We hope that our next picnic will be as enjoyable and if possible more largely attended.

F. L. Tardy, Supt.

## Can Without Sugar Says Department of Agriculture.

It will be wisdom on the part of housekeepers to can the usual amount of fruits and vegetables this year, even if part or all of the fruit must be canned without sugar, according to the United States Department of Agriculture.

From all present indications, sugar will be more abundant next winter, when the fruit will be used on the table, the department says. There will apparently be an increased acreage of both cane and beet sugar this year in the United States, Cuba, and in other countries in the Northern Hemisphere. The rise in the price of sugar has encouraged increased plantings of cane and beets.

## COALINGA, CAL.

Coalinga, Cal.  
July, 22, 1920.

Dear Editor:

Please spare me a small place in my home paper and I will tell some of the news among us hard heads in California.

Health in this part of the fields is fairly good.

Most of the people are going away on vacations. But I will spend my vacation for last year, year before and this year and the next year I stay here, all in dear old Tennessee. I have been here going on three years.

Charley Chaffin was seen walking a few days past. Wonder where his Ford has gone?

Henry Young and wife are getting a divorce. No one knows where Mr. Young is. Cary seems to be very lonesome.

We are very sorry to hear of so much trouble in Tennessee among friends and relatives.

Mrs. W. L. Birdwell and Mrs. Pasco Swearingin were in Folsom, Cal., a few weeks ago.

Several hard heads are getting promoted to tool dresser, gang pusher, driller and lease foreman.

Boys, I am awfully home sick, and I can't hardly write for crying.

I don't know what has become of Tom Speakman since he moved from town to the Coalinga star lease. We never see him any more in town. Saving money I guess.

I wonder what has become of Hobert Allen, Marion Murphy and several other boys? Don't see them.

Had a nice time at the Shell Camp 4th of July. Several people were gathered there.

Ernest Mercer was in town last week winking at the girls and making big eyes at all that passed him.

Come on Slicker Snake write to your old boys.

What's the matter with Detroit? We don't hear from them very often.

Hope, Manson Byrd and John Poston are getting all right. Was sorry to hear of such an accident.

Love and best wishes to all back in the land of Tenn.

W. T. Cook and uncle, C. C. Cook, of Vernon, Texas, were in Gainesboro Tuesday en route home from a three weeks visit with relatives near Hilham and Ambrose Gaw and wife on Gainesboro R-2. Mrs. Gaw being a half sister of W. T. Cook. They had greatly enjoyed their visit, but were anxious to get home.
